EXPERIENCE

Web and Digital Intern

Advaiya Solutions Inc.

📅 May-June 2023

📍 Ahmedabad, India

- Interned at Advaiya Solutions for a duration of 1.5 months where I was assigned the responsibility of collaborating with my colleagues to build and work on Microsoft Power Apps and Power Platform.
- I collaborated in several projects for organizations like Adani and Tata Steel.

Internship

Visamo Kids Foundation

📅 June-July 2022

📍 Ahmedabad, India

- Worked with the NGO to provide help and support to the underprivileged children of the society
- My job was to aid them in their all round development
- Volunteered in the Annual Visamo kids foundation Conference-2022 to show support towards the vision and mission of the NGO

PROJECTS

StockWise

- Created a Stock suggestion web-application on MERN stack using AMD instances and deployment on Google Cloud Platform.
- We integrated a Deep learning model for stock prediction in the application using Flask APIs in Node.js backend.
- **Tech stack:** MERN

Zenith NetBanking

- Created a net banking web application that allows users to manage their bank account and perform online transactions.
- **Tech stack:** MongoDB, ExpressJs, NodeJs, EJS

QuickNotes

- Created a web-application that allows individuals to capture, organize, and manage information in digital form.
- The purpose of this website is to provide a platform for users to store information, ideas, thoughts, and reminders that they may need to access at a later time.
- **Tech stack:** MERN

WeatherNow

- Created a web-application that allows user to check the status of current weather in any city of the world.
- **Tech stack:** MongoDB, ExpressJs, NodeJs, EJS
